@CommishDiaz

Hello District 12 Resident,

As the COVID -19 virus continues to be a present concern around the world and in our community, I want to assure everyone that Miami- Dade County Mayor Carlos Gimenez and I, Commissioner Jose "Pepe" Diaz, are continuing to monitoring the situation and providing updates to the community in accordance with the Center of Disease Control (CDC), the State of Florida and Federal guidelines.

In these trying times, I personally want to remind everyone to stay calm and that we are in this together.

I have provided masks for you, in the event that you have to leave your home, for a necessity. Please remember, you are "Safer at home", so if it is not a necessity please stay at home. Thank you to Sir James from the Knights of Malta, North American Construction Company and CIMC TianDa, who helped us by donating masks. I have also provided a list of helpful phone numbers that you may need during these times.

Thank you and stay safe!

Commissioner Jose "Pepe" Diaz

Knights of Malta
Sir James Angleton
Grand Prior

North American
Construction Company
and CIMC TianDa
